

How to Redeem Your Levy Credit

Dear Members,

Your continued loyalty to the community throughout the pandemic has been truly appreciated. To show our gratitude, we granted each member a Levy Credit to spend at the House that was equal to the monetary value of your membership fees during the period the club was closed. Please kindly note your levy credit can only be enjoyed using your new membership card.

The credit can be used throughout the House across Food & Drink, Private Meetings and Events and Overnight Stays, and will expire on 31st December 2021.

To use the credit simply hand your new membership card to one of the team when paying your bill and the amount will be deducted. Any remaining balance can be paid through normal means.

Members who do not qualify for the levy credit will still be issued with a new membership card.
